

# 2015 SNAAPT November Meeting

## Makerspaces and NGSS Engineering Practices

Join your fellow physics and science teachers on **Saturday, November 21<sup>st</sup>** at **10:00 am** for a **tour of SYN Shop** ([synshop.org](http://synshop.org)), the Valley's Hackerspace. Earlier this year SYN Shop worked in conjunction with the Green Valley Libraries to produce a series of *Generation STEAM* workshops for the area's children. During this meeting you will:

- Tour SYN Shop and see what a hackerspace really is.
- Find out how making can help address the engineering practices of NGSS
- Give Making a try!
- Learn ways to incorporate making into your own classrooms.
  - Classroom makerspaces can apply to any grade level

○

- Classroom makerspaces can apply to any tech level

○

○

SYN Shop is located at 1076 American Pacific, Suite C, in Henderson between Stephanie and Gibson. The meeting will last until around 12:30 pm; bring your imaginations!
