Vote ! for CCEA – Executive Board Seat 1-A and NSEA Board Seat D

I welcome the opportunity to contribute to the work of CCEA Executive Board Seat 1-A and NSEA Board Seat D in a leadership position. I have been a dedicated long-term member of CCEA and have been an active participant in annual conferences over the years. If elected, I would bring to this position the voice of the minority. I have served as a leader of various local, national and international organization and currently I am the President of the Board of the Asian Community Resource Center (ACRC). I have a strong commitment to nurturing collaborative relationships and foster that philosophy in my current position and beyond. If elected as a Board member for CCEA and NSEA I will use my leadership experience and expertise to initiate a

CCEA Executive Board Zone 1A (2-year term)

James Frazee

In the three years that I have had the pleasure of representing Zone 1, I've reached out to you as I have

visited schools or corresponded through emails and heard your concerns.

-I led the charge to stop the district from implementing a two tier pay scale. Now all teachers in our Zone as well as the district can reach a top salary of \$90,000.

-I pushed for the inclusion of MOOKS in the PGP so teachers could take classes without going in debt thousands of dollars for career advancement.

We have many challenges ahead. If you give me the opportunity I will continue to lead on:

-Implementing 394 effetely while insuring teacher protection,

-Stopping the achievement school zone from turning public schools into private charters

-Eliminating the 40% test school on teacher evaluations

In facing these, as well as the many other challenges, I humbly ask for your support.

**CCEA Executive Board
Zone 2A (2-year term)**

**Paul
Kleemann**

My name is Paul Kleemann. I hope I can count on your support to reelect me to serve in seat 2A on the

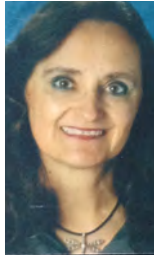

Executive Board.

I believe that we need to be the leading voice in education. I support the efforts of our association to make professional educators a part of local policy and state lawmaking. If reelected, I will support active membership through AR participation and interaction with School Organizational Teams. I will be a part of CCEA engaging active membership and developing systems to distribute information, so members can become knowledgeable and participate at their worksite and in our union.

I personally promise, to each of the members in my zone, if you contact me I will respond to answer questions or address concerns. I want to be there to help facilitate discussions and ultimately make sure that we grow a stronger CCEA.

**Gabriela
Steger**

My name is Gabriela Steger, and I am a candidate for CCEA Executive Board Zone 2A I am running on my record of

proven leadership in various capacities , such as ELL instructor for our PLC, EMAC, and Scholarship committees. The knowledge, skills and experiences I have acquired at the National, State and Local Levels these past 12 years have prepared me to help in my commitment to fight for the professional and economic interests of our members. Public Education is under attack! Advocacy, collective action and dedicated leadership build strong local and state associations. Empowering members to be the voice of education is key to our survival I appreciate your support and ask for your vote in my election for CCEA Executive Board Zone 2A.

Thank you.

**Karl
Byrd**

At a time when educators are fighting for more pay and better working conditions, you need someone

on your side that has experience. I'm Karl Byrd and I want to be your choice for CCEA's Executive Board, Zone 5, Seat A. I have been an active member of CCEA for 21 years. As an Organizing Intern, Area Representative, Legislative Action Team member, and New Hire recruiter, I have the experience needed to do the job. I believe CCEA must continue to promote improved working conditions, protect our rights, and inform licensed personnel on issues that are important to us. We must continue to be the premier voice on education policy and reform. I also believe that CCEA must continue to be a member driven force based on democratic principles of fairness and transparency. I humbly ask for your vote so I can continue to work for licensed professionals across CCSD.

Advocacy and Action. Two concepts that describe my idea of unionism and why I am running for the Zone 5 Executive

Board position. Over the 13 years here in Clark County, I have served CCEA as a teacher leader and later as union representative staff. As both, I have fought tirelessly for improving the lives of teachers and continue to make this a priority in my goals for CCEA. As a teacher, I have seen the changes imposed upon us from reformers with political motives and a district more than willing to put more and more pressure upon us to perform. I have had numerous conversations with fellow members about the district's continued increase workload and impedance on personal time. As a member, I have shared your frustration regarding communication and transparency and where we are heading as a union. If you feel as I do, vote for Chet Miller.

**NSEA Board of Directors
Seat B (3-year term)**

**James
Frazee**

In the year that I have been on the NSEA board I have been proud to help lead the state forward. I have

found that being on both the CCEA board and NSEA board have been an advantage in representing Clark County. I have a deeper understanding of the problems facing us as we head into this next legislative session.

My goals for the future are:

- Eliminate the 40% test score from teacher evaluations.
- Kill the achievement school zone that turns public schools into for profit charter schools.
- Insure teacher protection and administrator accountability measures in new AB 394 legislation.
- Stop crippling changes to PERS and collective bargaining rights.

I have a clear understanding of who I represent. YOU! I do not represent the State. I represent the members of CCEA at the state level. My responsibility is to you. I humbly ask for your support for NSEA seat B.

**NSEA Board of Directors
Seat B (3-year term)**

**Don
Kimura**

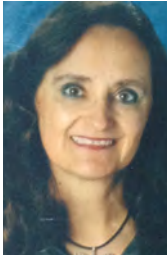

My name is Don Kimura I am a secondary teacher. My background is in special education and business

education. I have leadership experience as a former executive board member for CCEA. I currently hold a position on the NEA Asian Pacific Islander Caucus (APIC), as the vice chair and serve on the NEA Ethnic Minority Affairs Committee (EMAC). Collaborating with EMAC has given me insight on how to work with educators from diverse backgrounds and make an impact on education. We need to prove how important public schools are. I will work with educators to lead the way so we can make those changes that are necessary for all students. As professionals, we we have the knowledge and skills to drive those reforms that cannot be ignored. I am running for the Nevada State Education Association Executive Board, Seat B. I humbly ask you for your vote.

I have been teaching since 1998. I have always been a union member and am committed to protecting and

improving our profession. I represent my school as the Association Representative and have recently been elected a member of our school's organization team. I represent CCEA on the NSEA Government Relations Committee. I have also been part of the state Delegate Assembly for two years and one year as part of the NEA Representative Assembly. I am someone who listens to the needs of all members, and I will represent CCEA's best interests in our state. I want to ensure that we are getting our fair share. I know that I can be an asset as I advocate for everyone. Vote for me, and I will be your voice on the NSEA Board of Directors.

**Robert
Cowles**

My name is Robert Cowles, and I am asking for your vote for NSEA Board Seat D. Since starting in the middle of the

2006-2007 school year, I experienced the downward spiral that impacted us all during the Great Recession, as well as the big step in the right direction with the 2015 legislative session. There is still more to accomplish, both at the local level with CCSD, and at the state level with the upcoming legislative session. As a member of the CCEA Executive Board, I find myself in a unique position to represent our membership on the NSEA board, while also working to bridge the divide between Southern Nevada and the rest of the state that has hampered our collective efforts for too long. I am asking for your support, so that I can continue to advocate for teachers, support staff, and the students we all serve.

Representing CCEA in the NSEA's decision making process has been an exciting responsibility and privilege. I

take my position as an NSEA Board of Director seriously, and I am devoted to protecting and shaping the direction of public education for all of our members and students. Access to a quality work environment and public education is essential for our state. It is the hope that keeps many alive.

I have served our union with pride and responsibly at the local, state and national level. This opportunity has allowed me to grow as an individual and professional. I seek re-election to continue to serve our membership, to lead to affect policy, to grow in the knowledge of our association and to keep the flame alive for all of us. Thank you for your vote and past support of confidence.

**Victor

I view the union as a social justice organization and have always admired working people who stick together to

advocate for their livelihoods and their professions. I'm proud to be a part of our union. If elected to the NSEA board, I will use my voice to protect and strengthen the teaching profession. I am a firm believer in public education and I will fight against the continued efforts to privatize education. Collaboration with community partners and building bridges with policymakers are imperative to having our voices heard on the local and national stage. NSEA and CCEA should have a seat at the table. We should be proactive, rather than reactive, in crafting policy and participating in decision-making on the district level, the state level, and the national level.

**Cassandra
Bell**

I am asking for your support in re-electing me to continue serve on the CCEA TIP Coordinating Council. Even

though the wave changed with our last state election, it's imperative we work with both Democrats and Republicans who are willing to fight for our cause. We need to improve our per pupil ratio for every student in the state of Nevada. It's imperative that we change the weighted formula funding for the 2017-2018 school year and this new funding has to follow our students into their classrooms. We still need professional learning structures that will support teachers using the rigorous Nevada Academic Content Standards commonly known as COMMON CORE. We also still need competitive salaries to retain and attract new teachers to the state of Nevada. Please re-elect me Cassandra W. Bell to be a member of CCEA TIP Coordinating Council. Willing and ready to serve you well!

**Together in Politics
Committee**

**Elizabeth
Campbell**

I'm Elizabeth Campbell and I'm running for CCEA's TIP Committee. I believe the TIP Committee requires a person

who has given considerable time and effort to study the actions taken during the legislative session. Many candidates and elected officials claim they are education candidates. Unfortunately, In Nevada both Democrats and Republicans have often voted against teachers and students. TIP is responsible to ask the hard questions about candidates' educational philosophy and voting history. No one should get CCEA dues money if they voted to devalue our contract or siphon money from public schools. It takes a courageous person who is not entrenched in party politics to speak truth to power and protect our dues dollars. I am willing to take the time and do the research so that we know who the real pro-education candidates are. Please support me, Elizabeth Campbell, with your vote.

**Lorretta
Harper**

My name is Loretta Harper. I am a dedicated counselor at Desert Pines High School who is running

for re-election for CCEA TIP (Together in Politics) Coordinating Council. My positive attitude and commitment to the needs of CCEA members makes me highly qualified for this position. I will continue to host round-table discussions with Legislators. You can count on me to lobby Legislators in Carson City for Funding Education, Collective Bargaining, PERS, etc. During the 2015 Legislative Session, I was a LAT (Legislative Action Team Intern). Also, I hosted house parties, registered voters, and made phone calls to elect proactive Legislators. I have served as:
-CCEA TIP Coordinating Council (2009-Present)
-CCEA Legislative Action Team Intern (2009-Present)
-CCEA Executive Board (2011-Present)
-CCEA Ethnic Minority Affairs Committee (2008-Present)
-CCEA Association Representative (2002-Present)
-NSEA Board of Directors (2010-2016)
-Delegate to State and National Conventions (2012-Present)

**Wanda
Keith**

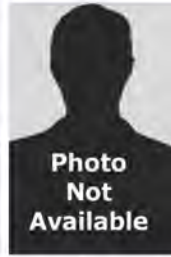

I am running for a position on the TIP Committee. Next year, more than ever before politics will be so important to

the survival of our educational system. As we see in many of the regions of the country, teachers unions are being decimated. This is because the wrong politicians are elected to our state and national legislatures. It is crucial to our union to form and keep relationships that benefit our cause. We must be very selective about who we give our union resources to and support. I understand the importance of screening candidates and policies which can make or break our organization. I am experienced, dedicated, and determined to represent the union effectively; I will be a good "steward" of the Union's money. Please support my candidacy. I will do my best to look out for the interest of our members at all times. Thank you, Wanda Keith

**Michael
Jahn**

Hello, my name is Michael Jahn and I teach U.S. Government at Centennial High School. I

am in my 9th year in CCSD and have been a union member for every single day of those 9 years. I would like to represent you on the TIP committee to continue the advances we have made politically by working with politicians of both parties who will work with us on our issues. I have worked on campaigns for both parties. When a politician goes too far, like Donald Trump, I will stand up and fight them. My priority is educational issues above partisanship. I represent the 40% of our union that is not Democrat, but is either Republican or independent, like myself. I feel that I have finally found my niche in our union and humbly ask you to put my strengths to use to serve our union and our kids. Thank you.

**Together in Politics

**Jana
Pleggenkühle**

My name is Jana Pleggenkühle. I have been a teacher with CCSD and a member of CCEA for 25 years. Over the past 6

years, I have been involved by being an Association Representative, a Legislative Action Team Intern, Special Education Committee Chair and on the CCEA Executive Board. I am a good listener and think things through before acting. I have the ability to see others' points of view and look at information impartially. We need to make sure that, as members of CCEA, we stay focused on the common goal of improving our education system here in Nevada. We need to work together, bipartisan, and be actively engaged with lawmakers. We need to secure appropriate funding in Nevada for education and see that appropriate laws are passed. I hope you will consider supporting me and voting for me to join the TIP Council.

**Jennifer
Petrie**

Hello, I have been actively engaged in politics (especially as it pertains to education) for a

number of years now and I am very interested in serving on the TIP Coordinating Council. I have and will continue to serve as an LAT (Legislative Action Team) as I feel it is vital for educators to stay abreast on policies that affect our profession, as well as our livelihoods. I have been quite active in the CCEA where I have served as the chair for the Special Education committee for the last two years and currently hold a seat on the Executive Board. This is my seventh year with the district and I currently teach at Variety School in a SEC classroom. Thank you for your consideration.

Sincerely,

Jennifer Petrie

Politics and education, two bedfellows that many feel we should avoid. I am not one of those people.

The realization that those in politics have a major impact on the work we do in the classroom is paramount to why I am running for TIP. We have seen over the past legislative sessions laws enacted that have caused either intended or unintended consequences on all of us, whether it is to our pocketbook or workload. Over the years I have seen the changes imposed upon us from reformers with political motives and a district more than willing to put more and more pressure upon us to perform. It is my belief that as educators it is our responsibility to use our skills to provide as much knowledge to those legislators who are ill-informed about the jobs we do. If you feel as I do, vote for Chet Miller for TIP.

**Sarah
Sunnasy**

As an elected delegate to RA and DA, long-standing, vocal member of ARC, and action organizer for

my building and the Hit The Strip Rally that brought close to 1,000 educators to march on the Strip, I have had the opportunity to engage countless teachers in conversations regarding what we desire from our elected leaders.

- Increased educational funding
- Protecting collective bargaining rights
- Class size reduction
- Elimination of excessive, punitive high-stakes testing
- Protecting PERS
- Securing funding to get qualified social workers into our neediest schools

Known by peers as trustworthy, open, and not afraid to speak truth to power, I value open communication and honesty.

In my role as a TIP council member, I will work to ensure that these issues and others are at the forefront of conversations with elected officials and those seeking CCEA endorsements in upcoming elections.

Thank you for your consideration, and thank you for your vote.

CCEA to Award \$2,000 Scholarships
Twenty-One (21) Senior High Schools to Benefit

The Clark County Education Association is sponsoring its annual scholarship program for the 2016-2017 school year. Twenty-one (21) \$2,000.00 scholarships will be awarded to well-rounded students who strive for educational excellence. Scholarships will be awarded in the following areas: education (including university students accepted into student teaching/educational internship programs), non-education majors, vocational/technical/trade majors, and culturally diverse/minority students.

Deadline for receipt of completed nominations is 5:00 p.m. on February 24, 2017. No exceptions. *Only one (1) nomination per student will be accepted.*

Students must meet the following criteria:

- 1) Nominated by any CCEA member prior to application for scholarship.
- 2) Related to a CCEA member. This relationship is defined in Article 1-11 of the CCSD/CCEA Negotiated Agreement. CCEA membership must be effective for the prior two (2) years or the member must have joined when he/she first became eligible for membership.
- 3) A 2017 graduating Clark County public school student. (Not applicable to student teaching/educational internship applicants.)

Remember, deadline to return the completed nomination form is 5:00 p.m., February 24, 2017 -- no exceptions!
