Legislators Today

It's time to fully implement the **Weighted Funded Formula** so all kids have an equal chance to succeed.

Over 10,000 educators were involved in the 2015 Legislative Session. Together, we sent over 350,000 emails, wore buttons, attended town hall meetings and sent post cards to legislators. Many of you joined us for a riveting CCEA Lobby Day where you were able to advocate in person for public education in Carson City! *As a result, lawmakers passed the largest tax package to fund education in the history of our state!*

During the last session, educators became notorious for their engagement in the statehouse. This year, *we have created the CCEA Action Center, where sending a message and getting your colleagues involved is even easier!*

Tell Legislative Leadership to Fully Implement the Weighted Funding Formula!

The 2017 Legislative Session is here! We know that when thousands of educators band together to send legislators a collective message, they listen!

Both Governor Sandoval and the Senate Majority Leader Aaron Ford publicly stated that implementing the Weighted Student Funding Formula is a priority. Now, we need to ensure that this critical issue is funded so that the money follows each student. That means that additional funds for the categories of Special Education, English Language Learners, Free and Reduced Lunch and Gifted are provided.

An EQUAL Chance to Succeed

..the FUTURE

Contact legislative leadership from both sides of the aisle and let them know that we are calling for the full implementation of the Weighted Funded Formula!
