

We're here to help

— *it's our turn to teach*

Horace Mann supports Clark County Education Association members with our no-cost educational workshops. We have a unique understanding of the challenges educators face every day — in and out of the classroom. And we've created a suite of real, workable solutions to help.

State Retirement System Workshops

This workshop shows educators how their state retirement benefits and supplemental retirement plans can work together and also help them better understand the Social Security program.

Get on the Road to Retirement Savings Workshop

This presentation covers the provisions and availability of a 403(b) plan, which is an employer-sponsored, tax-deferred retirement plan that may be offered to employees of public schools and tax-exempt organizations.

Student Loan Solutions Workshops

This workshop helps educators determine if they can remove or reduce student loan payments and redirect any savings to other life goals.

DonorsChoose.org Workshops

We are a national sponsor of DonorsChoose.org, a not-for-profit organization. This workshop helps teachers in need of classroom resources learn how to connect with donors who want to help.

Financial Success Workshops

We offer a workshop that covers the financial basics of spending, budgeting and saving wisely.

What You 'Auto' Know Workshop

This workshop focuses on the basics of auto insurance, including factors that affect insurance costs and how to choose the right coverage.
