

Professional Learning Support For Educators

Purpose

The Clark County School District implemented a series of professional learning (PL) offerings at the beginning of the 2020-2021 school year to introduce educators to the Canvas Learning Management System. Recognizing this PL was designed to build a shared understanding and overview, not to make educators proficient within the 13 allocated PL days, additional professional learning will be provided to build educator capacity. The topics for ongoing PL are being generated in collaboration with the Clark County Education Association (CCEA). Registration for each webinar is available through the [Enterprise Learning Management System](#) (ELMS). Other PL opportunities will be added in the weeks to come. A confirmation email will be sent to each participant with the Google Meet login information.

Shifting Instructional Planning to Approach Learning for a Digital Perspective

The following live webinar sessions will be made available to assist educators in moving from the traditional lesson planning to instructional planning with a digital perspective. Topics will be specific to the needs of each content area to create student-centered, digital learning materials. Each webinar will be recorded and available for playback. Please register for the playback link through ELMS.

Content Area Focus	Grade Level Focus	Webinar Time and Date (Each webinar is followed by 30 minutes of customized support.)	Key Word in ELMS
Mathematics	Grades K-5	September 10, 2020 3:30 p.m. - 4:30 p.m.	Digitalmath
		September 15, 2020 3:30 p.m. - 4:30 p.m.
