

CCEA Mission Statement

The Clark County Education Association is an independent union of educators acting as change agents to elevate the education profession by ensuring that we E.D.U.C.A.T.E.:

Ensure safe and just working conditions is paramount to our members

Driven by members we will succeed

Understanding and addressing the needs of our society through parent and community partnerships is critical for our future

Committed to social justice is a path we must take

Advancing our members through professional learning

Targeting adequate funding for public education is the most important task at hand

Engaging members in the decision-making process determines the course we chart

CCEA Vision Statement

Within the next five years, we as the Clark County Education Association will:

1. Engage in bipartisan relationships to ensure adequate funding for public education, and ensure we are the pre-eminent voice on education policy and reform.
2. Continue to provide professional development opportunities for licensed professionals.
3. Be a driving force in building community partnerships.
4. Take a stand on social justice issues that impact our students, members, and community.
5. Engage members in the work of the mission and vision.
