// OUR MISSION

Our mission is to inspire young people to become science and technology leaders by engaging them in exciting mentor-based program that build science, engineering and technology skills, that inspire innovation, and that foster well-rounded life capabilities including self-confidence, communication, and leadership.

// OUR VISION

“To transform our culture by creating a world where science and technology are celebrated and where young people dream of becoming science and technology leaders.”

— Dean Kamen, Founder of *FIRST*

// OUR GOALS

The ultimate goal of *FIRST* Nevada is to substantially strengthen the school-to-career pipeline through which young people are inspired to explore opportunities in STEAM in order to foster the next generation of science, innovation and technology leaders.

// FUNDING FOR NEW TEAMS

Multi-year funding opportunity for schools new to *FIRST* robotics. Schools must have Principal's support and two coaches for new teams. Contact L.Pavlik@FIRSTNevada.org
