## What is the Google Level 1 Academy?

The friEdOnline Level 1 Academy is an immersive online experience designed to prepare educators for the Google Level 1 Certification through a series of meaningful and hands-on challenges. During completion of the interactive tasks, educators create products that simulate relevant work while learning the material covered on the exam. A voucher to take the exam is included once the course is completed.

**Educators reported a 32% increase of knowledge and skills of Google Workspace tools**

**Educators reported a 40% increase of competency with Google Workspace tools after completing the online course.**
